Attn: Mr. Brian Fields

Mr. Fields,

I would like to thank you for the outstanding service and professionalism that your company has provided on my projects over the years. Whether it has been hollow metal frames and doors, pre-hung wood doors, fire doors, custom entry doors or hardware, you have always come through for me, especially in regards to those last minute items that always seem to come up. Not to mention the fact that you are always able to find a way to provide the specified products, or equivalents, within the project budget. I look forward to continuing our working relationship on the next project.

Regards,

Seth A. Ford
Project Manager
