For a General Contractor, it is always a pleasure to acknowledge a supplier and sub-contractor that is professional and provides excellent estimating, delivery, installation and customer service; Atlantic Door and Hardware, Inc. is one of those special companies. Lisa Millheiser, AD&H's Senior Project Manager provided expert advice regarding the proposed Door and Hardware scope, the bid proposal was complete, the contract was accurate, shop drawings and product approvals were professional in appearance, accurate and presented in a timely manner. Delivery of materials were in strict accordance with our schedule. Installation was completed competently and correctly the first time without correction required.

Our experience with AD&H has been a pleasure; we will always regard them as one of our exclusive door and hardware contractors.

Sincerely,
